TERMS AND CONDITIONS

Use of SGC's services constitutes absolute acceptance of the following Terms and Conditions in conjunction with Terms and Conditions that may or may not be located at <http://www.sgci.com/support/terms.asp>

- The Internet. The Customer acknowledges and agrees that SGC (including any SGC supplier or vendor) does not operate or control the Internet and that (i) viruses, worms, Trojan Horses, or other undesirable data or software; or (ii) unauthorized users (e.g. hackers), may attempt to obtain access to the Customer's or its Subscribers' data, website(s), computers, or networks and that data may be destroyed by such attacks and the Services may be interrupted or compromised. SGC exercises no control over and has no responsibility whatsoever for the content accessible or actions taken on the Internet and SGC expressly disclaims any responsibility for such content or actions. SGC and its supplier uses what it believes to be reasonable efforts to protect itself, its customers, and any Subscribers from such unauthorized use, but SGC and supplier is not responsible for failures resulting from the unauthorized acts of third parties. In the event that SGC is providing content filtering as part of the Services, the Customer acknowledges that filtering is provided only on a "reasonable efforts" basis and that while filtering may block much objectionable content, some objectionable content may pass through to Subscribers.
- Force Majeure/Other Related Matters. The Customer acknowledges and agrees that SGC shall not be in breach of this Agreement if SGC is unable to provide (for any period of time) all or part of the Services so long as such inability is the consequence of matters that are properly classified as "force majeure" or otherwise beyond SGC's reasonable control. The term "force majeure" shall have the meaning normally afforded that term in the legal context and shall include, but not be limited to, "acts of God", natural disasters, terrorism, computer viruses, war, strikes and labor disputes, third-party breaches (including failure of third party vendors and providers to provide contracted for services and products), defaults, or failures not within the reasonable control of SGC (including, but not limited to power outages, telecommunications system failures or defects).
- Customer Use Agreement/Acceptable Use Policy. All use of SGC's Services by a Subscriber is conditioned upon a Subscriber's adherence to our Customer Use Agreement/Acceptable Use Policy ("CUA"), SGC's network use policies, and the policies of third party network providers that may provide Internet access or part of the Services (collectively, the "Use Policies"). In order to use the Services, each Subscriber must accept (by signing this document) the terms and conditions of the applicable Use Policies (on page 3). Subscribers who do not accept the terms and conditions of such Use Policies will not be permitted to access the SGC network or the Services. The CUA and standard network policies are set forth on page 3 of this agreement, which includes certain policies of third party network providers by which we are partially governed. SGC reserves the right to amend its CUA, network policies, and other Use Policies, effective upon posting to SGC's website or other notice to the Customer. The Customer understands that SGC's network providers may change their own network use policies, and the Subscribers will be responsible for following such policies. The CUA contains provisions prohibiting improper Subscriber activities, such as network abuse (using a dial-up connection as a dedicated connection or to otherwise remain connected to the Internet for an excessive unattended period of time); spamming; illegal/improper postings to newsgroups; and/or transmitting or otherwise displaying illegal or improper information or material, including defamatory, libelous, or obscene items. The Customer agrees to cooperate with SGC in enforcing any applicable Use Policy and to abide by SGC's decision to suspend/terminate any Subscriber account for violation of the CUA. SGC reserves the right to take any and all additional actions it may deem appropriate with respect to Subscribers who violate any applicable Use Policy, including, without limitation, taking action to recover the costs and expenses of identifying offenders and excluding them from the Services, and levying cancellation charges and other penalties.
- Any attempts to compromise the security/integrity of our systems or violate the privacy of our customers, which includes mass mailings (SPAM), will result in the termination of the offender's account without notice and forfeiture of remaining balance and possible legal action taken as a result. SGC will cooperate fully with all legal authorities.
- Allocated disk space may be used to store any type of file so long as their content is not contrary to the laws in which the access server rests. This includes, but is not limited to, data which is, or promotes content of a threatening, obscene, defamatory, or hate nature; data which belongs to third parties and is protected by copyright, trade secret, patent, intellectual property laws or acts contrary to export control laws. SGC will cooperate fully with all legal authorities.
- SGC does not guarantee connection or download speeds. The applicant's connection or download speed will be determined by numerous factors such as: Distance from Bell's Central Office, line quality, line noise, building wiring, telephony equipment and hardware. The applicant's phone lines may require line filters to properly establish a satisfactory connection. SGC will not provide technical support, guarantee connection, or be responsible for any technical issues due to hardware or software that has not been pre-approved by SGC.
- High Speed Service (FTTN and ADSL) are not available in all geographical areas. Service can only be provided within 4.5 km of a Bell Central Office that has been provisioned for ADSL service. There may be wiring conditions that do or do not exist in your home or area that render ADSL unavailable to you. This agreement for ADSL service is dependent on Bell's ability to provision your line on our behalf. If SGC is unable to provide ADSL service in the applicant's area, we will cancel this agreement without penalty.
- Diagnostic Maintenance Charge (DMC) for DSL. This charge is billed for any Bell Canada tickets opened with Bell Canada as requested by the Customer for non-Bell Canada service faults, service upgrades and downgrades whether requiring the dispatch of a field technician or not (The Field Technician Dispatch Charge does not include inside wire install or repair). Each DMC will be billed at a rate of \$125.00 per dispatch.
- Multiple, simultaneous logins are not permitted. The account is not to be shared with any third parties. The user is not permitted to resell Internet services.
- All IP addresses are Dynamically Assigned and remain the property of SGC. Static IP addresses may be available at additional cost. SGC reserves the right to change IP addresses at any time and without prior notice to the applicant.
- While all software supplied to users is given with the expectation that it will perform well on the applicant's computer, SGC makes no claims as to the performance or utility of this software as it is free and/or shareware software and is not written by SGC nor its adjoining parties.
- SGC will provide technical support for current accounts to establish your Internet connection and set up your e-mail account. We endeavor to provide technical support to cover most popular Internet software packages, but cannot guarantee knowledge or expertise in all Internet related software. We are not responsible for a lack of knowledge by the applicant regarding use of the Internet or their computer. Hardware and Software problems on the applicant's equipment remain the responsibility of the applicant. SGC will perform service work or hardware installation on the applicant's computer on their request, subject to the Terms and Conditions of our Work Order. SGC is not responsible for, nor assumes any liability for, warranty considerations or avoidance.
- All Rented Hardware remains the exclusive property of SGC and is subject to the conditions of the Rental Agreement. By not returning rented hardware to SGC in its original working condition, the applicant forfeits any Rental Deposit and agrees to pay for replacement of the hardware at its current market value.
- All accounts are non-refundable and a \$25.00 service fee will apply for all returned NSF cheques. To cancel your account we require thirty (30) days written notice. Last month's payment is non-refundable and will be applied to last month's payment, or any outstanding balances, or will be forfeited by any account that has not provided 30 days written notice. Any account changes or re-activation on interrupted service are subject to a twenty (\$20) dollar administration charge. To avoid interruption of service all accounts must be paid in full by the renewal date. Cancellation of, or changes to, your Telephone service does not constitute cancellation of, or change to, your Internet Service (including, but not limited to, changes of address, telephone number, moving locations, etc.) and all cancellations and changes must be submitted in writing to SGC. ADSL Service is not considered cancelled, and the applicant will be charged ongoing monthly fees, until all Rented Hardware is returned in its original working condition, or paid for, to SGC.
- **Speed Change Fee:** There is a \$50.00 fee to upgrade or downgrade the speed that is being supplied on the DSL or FTTN connections.

Charges disputed after 30 days will not be considered negotiable.
- Use of Spectrum Global Communication's service constitutes acceptance of the Terms and Conditions and Disclaimer. SGC reserves the right to modify this agreement at any time. The effective date of these terms is at the time of posting on our website. It is the user's responsibility to check <http://www.sgci.com/support/terms.asp> for updates. If you do not agree to these terms, discontinue use and contact us immediately.
- SGC reserves the right to revoke accounts and/or refuse membership and/or access to our services without notice and with forfeiture of remaining balance.
